

We are proud to announce that we are a Natural Thinkers School

This means children

have access to range of natural areas and material

get opportunities to grow pick and taste

have access to digging and gardening

care for their natural environment

engage in weather and seasons

have opportunities to engage with wildlife

children have daily access to outdoors

enjoy trips out in the community

no child is ever excluded from outdoor activity

parents have opportunities to be involved

All staff are trained and excited to work outdoors

Natural Thinkers is a programme that supports teachers and practitioners in connecting children with nature, through practical activities that are inspiring and motivating. It aims to promote children's health and emotional well-being.
